Composite Doors

The Signature Composite Door Collection

Low maintenance – No need to paint or varnish; simply wipe clean.

Security – Technologically-advanced locking systems meet all the requirements demanded from a 21st century entrance door to keep you and your home safe.

Robust – Composite doors are durable, with no twisting, warping or splitting as with timber doors.

Thermally-efficient – Good insulation properties keep out draughts and help to reduce your energy bills.

Energy efficiency – All of our doors meet the latest energy efficiency regulations.

Quality – Made with top quality materials at our dedicated production facility.

Attractive – With a wide range of styles, colours and glass options you can create the perfect door for your home.

Personalise Your Door

Step 1

Step 2

Step 3

Step 4

Step 5

Your Door

Step 1 - Decide on your door style. Twin glazed, single or solid, you can choose from our extensive range of styles.

Step 2 - Choose a colour to suit your property and personal taste, there are seven great woodgrain colour to choose from.

Step 3 - Choose a frame colour to suit your door, there are four options available - standard white, black, golden oak or rosewood. (Please note golden oak/rosewood are available with the same internal face finish, black frames have a white finish only)

Step 4 - Select your glass. So many designs to choose from, just refer to the pages relating to your door style for details.

Step 5 - Finally no door is complete without the door furniture, we have a wide range of knockers, letterplates, handles and accessories to enhance your chosen door.
