A black and white photograph of a woman in profile, holding a sleeping baby. They are positioned in front of a window with lace curtains. The scene is softly lit, creating a calm and intimate atmosphere. The woman is wearing a light-colored, sleeveless top. The baby is wrapped in a light-colored blanket.

"I sleep soundly, knowing my most precious possession in the world is well protected."

Every mans' home is his castle. Protect your family without medieval measures.

When choosing new windows and doors for your home, preventing intrusion is paramount. The advantage of new double glazed window systems is that robust security features are built in.

With 744,000 domestic burglaries in 2008/09 in England and Wales and an estimated break-in every 37 seconds, security is not something to be taken lightly. By fitting windows which are certified to British Standard BS7950, and ensuring doors are fitted with a multi lock system and Secured by Design approval, you are taking positive actions in keeping intruders out!

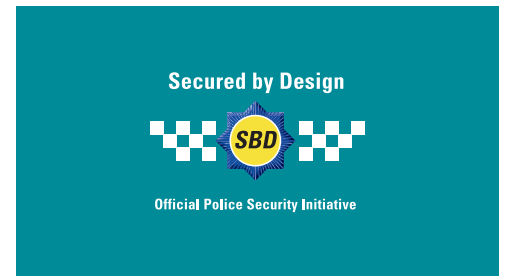

The Signature range features:

Locks

Our locks are designed to meet the requirements of PAS23 and PAS 24. They are Force resistant and Licensed by Secured by Design. And as if you need any more peace of mind, Signature Locks come with a 10 year guarantee.

Shootbolts

Made from high gauge stainless steel, resistant to corrosion and weathering and a 4 point locking system which acts as the ultimate burglar deterrent, you will not feel more safe in your home.

Style and grace, custom-made to bring you closer to nature

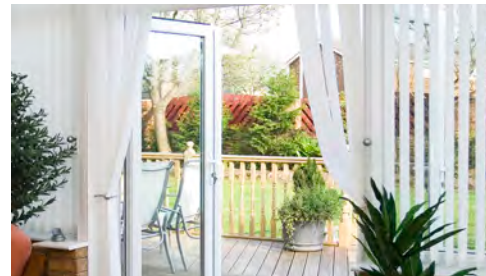

You can enjoy all the splendors of summer, and expose your senses to the elements all year round by choosing Signature tailored to fit Patio and French doors.

Our Patio and French doors really do ensure that your senses can relish in your outdoor surroundings while you stay firmly in the comfort of your home. They enhance any room, balcony or conservatory, giving you the means to move into the fresh air as freely as the breeze itself.

Whether traditional or contemporary, town or country, patio doors suit every property. Made specifically to measure for your home, they are available in different door panel configurations and feature easy slide panels. Doors are double glazed to keep your home warm, peaceful and secure, with multi-point locking systems for that extra peace of

mind! Available in a range of colours and glazing options, patio doors will not only compliment your home, but present a vast array of possibilities for transforming your outside space too.

It's no secret that the French remain the revolutionaries of fashion and romance, and as much is true of French doors. They make for a charming addition to your home or conservatory, allowing fluidity of movement and streams of light into the adjoining spaces. Install elegance exactly how you see it with French doors available in a range of colours and glazing options.

Doors - Sliding

"During summer it's hard to tell where our lounge ends and the garden begins. It's magical!"

Open up your home and let it flourish.

Make the most of a beautiful garden with Bi-fold doors that create stylish open plan living spaces like you've never seen before.

Want to lie in bed and feel the sun sweep into the room and warm your face? Just aching to relax on the sofa while keeping an eye on the kids outside at the same time? Or maybe you're desperate not to miss out on the action, while you prepare food in the kitchen and your guests chat on the patio?

These versatile bi-fold doors can be installed anywhere you want, and will reinvent any room, be it your bedroom, conservatory, kitchen or living room- the choice is endless. You could install bi-fold doors on your conservatory to open up the whole back elevation of your home into your garden, or mount them as an entrance into your conservatory from another room which unfold to create one large space for entertaining.

The doors are available in a wide range of colours or you can find the perfect product to match your existing interior. High security multi-point locking systems are installed as standard to keep your home safe from intruders and are thermally efficient, helping to reduce heating bills.

Bi-fold doors allow the maximum use of space and glide on stainless steel rollers-making opening and closing effortless. Due to the wide choice of sash configurations you can use the doors in a variety of ways, for example, as a double French door or as a standard single entrance door. You can even choose whether you want them to stack inside or outside of the building.
